

## ||| LAPTOP STANDS & MONITOR ARMS

Goldtouch Laptop and Tablet Stands feature our innovative height adjustment/travel system to raise your laptop to the perfect height for greater comfort and reduced neck strain.

Available in aluminum or composite resin.

Goldtouch Monitor Arms offer a broad range of seamless monitor adjustments for height, focal distance, and tilt angle. Goldtouch monitor arms help to create a healthier, safer, and more comfortable work environment.

The Dynafly Monitor Arm can support monitors up to 33 lbs.

### Key Features

- **Adjustable:** Laptop stands offer an adjustable height system to bring your laptop screen to eye level, reducing neck and eyestrain.
- **Efficient:** Stands and arms offer solid support while using minimal workspace.
- **Works With You:** Laptop stands lay flat for better easy travel. Monitor arms adjust perfectly to any user.

## ||| NUMERIC KEYPADS

The stand-alone Goldtouch Numeric Keypad can be freely positioned without the constraints of a traditional locked-position keypad.

## ERGOSECURE 2.0 SMART CARD KEYBOARD

The Goldtouch ErgoSecure 2.0 Smart Card Keyboard is equipped with the SCM STC II Smart Card Chip integrated directly into the keyboard body. The keyboard adjusts effortlessly through our patented ball and lever-locking mechanism, and features a soft key touch.

### Key Features

- **Adjustability and Comfort:**

Like all Goldtouch keyboards, the ErgoSecure provides 0-30° of vertical tent and 0-30° of horizontal splay to help align and straighten the wrists, arms and shoulders. Full-size tactile feedback keys further increase comfort.

- **Smart Card Security:** This keyboard is equipped with a fully integrated SCM STC II Smart Card Chip, which is fully compliant with security regulations, operates in both synchronous and asynchronous mode, is 3V and 5V selectable and provides a totally adjustable transaction speed.

The ErgoSecure 2.0 Smart Card Reader.

- **Federal Standards and Contracts:** TAA Compliant, FIPS 201 Approved, ISO/IEC 15411 Compliant, and Available via GSA.

## V2 ADJUSTABLE KEYBOARD

The Goldtouch V2 Adjustable Comfort Keyboard is the third generation of our premier computer keyboard. Each is uniquely designed to adjust from 0-30° on the horizontal plane to straighten your wrists, and 0-30° of vertical tenting to alleviate the pressure in your tendons and joints and to align the arms and shoulders in a natural and comfortable position.

### Key Features

- **Soft Key Touch:** Low activation force and full key travel distance increases your comfort and reduces the risk of "bottoming out" when typing.
- **Plug-and-Play:** No driver or software installation required. Simply plug into any open USB or PS2 port on a PC, or any open USB on a Mac.
- **Compatible:** GTU-0088 for Mac/PC (Windows 10, 8, 7, Vista, XP, 2000, Mac OS 10.4+ by USB); GTN-0099 for PC (Windows 10, 8, 7, Vista, XP, 2000 by USB or PS2).

## EASYLIFT SIT/STAND DESK CONVERTER

Sitting for extended periods of time has been shown to cause significant health problems. From metabolic disorders to slowed brain function, posture problems, and even cancer, there is mounting evidence to show the importance of getting up and varying one's posture throughout the day. The Goldtouch EasyLift Desk makes it easier than ever to achieve the ideal posture throughout the day — whether sitting or standing — and your body will thank you for providing a more dynamic workday.

The EasyLift Desk is backed by a 3 year warranty.

### Key Features

- **Powerful:** 27 lbs (12 kg) of elevating force lifts up to 77 lbs (35 kg).
- **Versatile:** 19.6 in (497 mm) of vertical range for users of any height.
- **Strong:** Solid crossbeam prevents wobble.
- **Sliding Keyboard Tray:** With 5.75 inches of height adjustment and the ability to raise, lower, or tilt.

## GO!2 MOBILE KEYBOARD

Designed for the mobile or office professional, the light and sleek Goldtouch Go!2 Mobile Keyboard offers personalized comfort that's uniquely adjustable.

Available in wired or Bluetooth models.

### Key Features

- **Adjustability:** 0-30° adjustment on the horizontal plane, combined with additional 0-30° individual adjustments for vertical tenting.
- **Compact:** Ready to use in tight places — like airplanes or hotel desks — and folds over for added travel convenience.
- **Compatible:** Supports Windows 10, 8, 7, Vista, XP, 2000 and Mac OS 10.4 and above. Multimedia key support for both Windows and Mac OS.

## SEMI-VERTICAL MOUSE

The Goldtouch Semi-Vertical Mouse was created with an optimal slope of 66° for ultimate comfort and precision. This plug & play device also features multiple DPI settings and adjustable weights for a fully-customized experience.

The Semi-Vertical Mouse is available in Right or Left-Handed versions.

### Key Features

- **Ideal Slope:** 66° slope creates optimal comfort and hand/wrist positioning.
- **Flange Accessory:** Detachable Ergo-grip flange keeps the palm off the surface of the desk.
- **Comfortable Feel:** Anti-slip texture grip and rubberized coating provide maximum comfort.

## GOLDTOUCH MICE

Goldtouch Mice are designed to deliver a better mousing experience through innovative form and simplicity, giving the wrists, hands and fingers a well-deserved upgrade in mousing comfort.

### Key Features

- **Driver Free Installation:** Easy to use Plug-and-Play technology.
- **Comfort:** All Goldtouch mice are designed for hours of computing comfort — designed to cradle your hand and thumb and provide incredible support.
- **Quality:** Manufactured with the highest standards, Goldtouch mice are high-quality, high-performance, and provide high comfort to our loyal users.

The Goldtouch Comfort Mouse is available in wired or Bluetooth models.

The Goldtouch Wireless Ambidextrous mouse.
